

**SHOWA 310**  
 Palm dipped rubber coating, cotton polyester lining & elasticated wrist cuff

**SHOWA 370**  
 Machine washable, seamless knit, form fitting, flexible, extra grip & breathable

**SHOWA 377**  
 Chemical & water resistant, nitrile coating, foam grip & Elasticated wrist cuff

**SHOWA 451**  
 Thermal insulation, flexible, breathable, extra grip, & skin friendly

**SHOWA 660**  
 Triple dipped PVC coating, chemical & water resistant, rough grip & ergonomic

**SHOWA 690**  
 Chemical & water resistant, seamless knit, robust grip and flexible

**SHOWA 720**  
 Oil & chemical resistant, increased dexterity, seamless knit & anti slip grip

**PHULAX 630**  
 Resistance to abrasion, flexible, sandy texture to allow firm grip

**PHULAX 630W**  
 Thermal lining, resistance to abrasion, flexible, sandy texture to allow firm grip

**MAPA JERSETTE 301**  
 Natural latex with pebble finish, flexible, with good tear-resistance

**MAPA HARPON 321**  
 Comfort & safety when gripping rough, slippery objects in aggressive environments

**MAPA TITAN 393**  
 Good thermal insulation, resistance to oils & greases with nitrile coating

**HD DISP A930**  
 High strength using crystal grip technology. 7mm thickness Highly durable synthetic nitrile makes these three times stronger than standard nitrile. Silicone Free.

**ASSEM GLOVE A020**  
 Breathable liner, lightweight, low linting construction for minimal contamination

**THERMO PRO AP01**  
 Fully coated for liquid protection, for use in cold conditions, superb tear resistance

**DERMIFLEX AQUA AP62** Water repellent, flexible sandy nitrile coating, lightweight and comfortable

**PU PALM A120**  
 Smooth PU coating, palm dipped, perfect for intricate tasks, superb tear resistance

**COLD GRIP A145**  
 Crinkle latex grip, palm dipped, fully dipped thumb, liner for cold protection

**ARTIC WINTER A146**  
 Flexible sandy nitrile coating, twin liner to trap heat, 3/4 dipped for better protection

**WINTERSHIELD A280**  
 Fleece lined, leather palm, comfort fit, durable & hardwearing

**ALL-FLEX GRIP A315**  
 Fleece lined, leather palm, comfort fit, durable & hardwearing

**DEXTI-GRIP A320**  
 Nitrile foam coating, palm dipped, breathable seamless liner, good for intricate tasks

**DERMIFLEX A350**  
 Nitrile foam coating, palm dipped, breathable seamless liner, EN level 4 abrasion

**HIGH PERFORM A700**  
 Lightweight, comfortable, reinforce stitching on the thumb & wrist support

**ANTI IMPACT A721**  
 Abrasion resistant nitrile foam coating. Exceptional grip for water, grease and oil

**TPV IMPACT CUT A723**  
 Impact resistance & high flexibility. Nitrile micro foam palm gives superior grip and protection against liquids

**SAFETY IMPACT A724**  
 Supreme protection heavy multi-function glove, reduces risk of injury, Oil and water resistant palm

**POWER TOOL PRO A740**  
 Reinforced panels, padded synthetic leather palms. Thumb, middle & index finger tips open for precision handling

**GAUNTLET A880**  
 PVC gauntlet with excellent resistance to animal fats & fish oils, Sandy palm finish for a secure grip

## DISPOSABLE GLOVES

Benchmark nitrile, powder-free, single use gloves. Lightweight with textured fingertips.
